Mr. James Wallace had a beautiful specimen of ice harvested from a pond on his place on exhibition yesterday. It was sixteen inches thick and as clear as a crystal. He has put away four or five tons of the same kind for home use next summer, when it will be more appreciated than it is just at the present time.

Constable Rosser made a good catch night before last of three tramps, two at the tower and one at Dieterich's who are said to be the men who robbed a car at Russell. Goods found in their possession were identified as being the same as those stolen. They were given over to the railroad authorities and taken back to Russell.

Rev. R. E. Moss officiated at the marriage of a pair of verdant country cousins at the Court-house yesterday, and just when the eloquent preacher was in the middle of an exquisite peroration during his prayer, the gawky groom expectorated and the discharge of tobacco juice almost extinguished the fire in the grate. The incident was akin to a careless person daubing a fine picture.

## YESTERDAY'S BLAZE

**Mrs. Minnie Chunn's Boarding-House Slightly Damaged**

Yesterday morning about 10:30 o'clock a fire was discovered in a second story bedroom at the boarding-house of Mrs. Minnie Chunn in West Second street.

A live coal of fire had evidently fallen off the grate and when discovered had burned its way through the floor, the sparks falling in the room beneath. It had a dangerous appearance for awhile, but was put out by prompt and heroic work.

The damage to the building will not exceed \$100, while that sustained by Mrs. Chunn will not go much above \$125. The loss is covered by insurance.

The livery stock of the late Joseph H. Brown—embracing horses, hacks, harness, &c.—sold at public auction. The amount realized was \$879.

## TO ENLARGE PLANT

**Murray & Thomas's Present Quarters Entirely Too Small**

In the early spring Messrs. Murray & Thomas will enlarge their Second Street Marble Works by an addition to their building. They will install new and improved pneumatic machinery and in every way make the works as complete as the best in Northeastern Kentucky.

This evidence of prosperity is gratifying, inasmuch as it demonstrates that this city affords opportunities for other branches of manufacturing industries to locate here and by push and merit do as well as they can anywhere else on earth.

Few cities have the natural advantages that Maysville has, and that we have as few industries as we have is no fault of the old town, but largely the foginess of some of its citizens.

CONSULAR SERVICE, U. S. A., MATAGALPA, NICARAGUA, C. A., March 11th, 1903.

Smith & Nixon Piano Co., Cincinnati, O., U. S. A.—Gentlemen: The Piano which I bought of you last November reached here early in February, and notwithstanding rough handling, including a fall from the freight cars at Leon, and a trip of one hundred and twenty miles in a two-wheeled oxcart, it reached us in perfect condition and tone, and has been admired greatly by all who have seen it. It certainly is the finest instrument in appearance and the best toned Piano that I have ever seen in Nicaragua. That it is giving us good satisfaction and much pleasure you need have no doubt.

Thanking you for recommending the instrument to me, I beg, gentlemen, to be your obedient servant,

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President."—From a statement made by the late James G. Blaine.

The Legislature is hardly a week old; and enough bills have been introduced already keep the members there until next snow-me.

A BROOKLYN newspaper declares friends of President McKinley who oppose Mr. EVELT are moving for the nomination of SAM H. TAFT for President.

census is being swelled, if nothing else accomplished, by the arrivals of immigrants. Nearly a million of them came to the United States during the year ending June 30th last.

It does not look as if we shall get out of coal, at any rate this winter. It is estimated that beneath the earth's crust there are about 8,000,000,000 yards of coal at depths available for the use of man—in round numbers a little over 7,000,000,000 tons.

YOUR Uncle MARK HANNA was re-elected United States Senator by the biggest majority ever given a Senatorial candidate by the Ohio Legislature. And that's just what would be done by the people of the United States if Mr. HANNA should be nominated for the Presidency.

THE Louisville Herald says the bill to provide for Kentucky's exhibit at St. Louis calls for \$75,000. That is \$4,000 more than Captain CALHOUN got. The whole state's interests ought fairly to be worth \$4,000 the gallant Captain's personal income.

#### TOOK LODGE MONEY

Wm. W. Morris Admits His Downfall to Louisville Oddfellows

In a pathetic report made to the Chosen Friends Lodge of Louisville, a branch of the Oddfellows, William W. Morris admitted that as Treasurer he had hypothecated \$4,000 in bonds and used \$1,300 in money.

He said that sickness in his family and other troubles reduced him to financial straits and he used the funds temporarily to tide himself over. The loss of his position as Secretary of the Mutual Life Insurance Company of Kentucky made it impossible for him to replace it, so he made the confession.

Mr. Morris is one of the best known residents of Louisville, a brother of Mr. George W. Morris, and had been Treasurer for the Lodge twenty years.

The bonds and money belonged to the Widow and Orphans Fund. The Order of Chosen Friends will, within the next few days, bring suit against the Fidelity Trust Company, which advanced the money on the bonds, to declare the transfer illegal, and to have them restored to the Lodge.

JOHN SWINFORD of Pleasant Green Harrison county has a cucumber in a quart bottle that is 18 years old.—Editor Zoller.

Which—the bottle?

SCORE one thing for BILLY BRYAN, anyway! He may be a kicker at home, but he has the right idea of dignity of the United States Government and how it ought to be preserved abroad in more liberal allowances to Ambassadors and Ministers and for the purchase of appropriate homes for the representatives of the Proud Bird of Freedom.

GOVERNOR DURBIN of Indiana told President ROOSEVELT at a conference at the White House a few days ago that MARK HANNA is the favorite of Indiana Republicans for the Presidential nomination. His talk was the plainest and frankest that the President has heard for some time, and while it no doubt was a surprise to the Chief Executive, it probably was refreshing to him.

THE Lexington Chamber of Commerce has passed resolutions which will be presented to Governor BECKHAM protesting against the affairs of the asylums for the insane being taken out of the hands of the Commissioners and being placed in the hands of the State Commission. The resolutions were signed by almost every prominent business man of the city.

FEW soldiers on either side had a stronger hold on the grizzled Veterans of the Grand Army than the late General JOHN B. GORDON, ex-Confederate though he was; and when the Grand Army Posts of Atlanta marched with the Camps of Confederate Veterans in his funeral procession, they honored themselves by honoring the memory of one of the bravest, the gentlest and the greatest of American soldiers.

By a vote of 78 to 65, the House of Representatives struck out of the Legislative, Executive and Judicial Appropriation Bill the paragraph providing for the salaries and expenses of the Civil Service Commission and clerks employed under the Commission. When the law went into effect the annual expenditures amounted to about \$20,000,000; today it amounts to \$30,000,000. The average citizen will conclude that this is a pretty high price to pay for a foolish "fad,"—just to please TEDDY and to keep Republicans in office under a Democratic Administration and to keep Democrats in office under a Republican Administration.

#### WILLIAM HUMPHERY

An Honor to His Native City, Maysville, and Kentucky

William Humphery, who by acting Janitor finished the Maysville Colored High School with honors under Prof. James R. Spurgeon in 1897, and who also completed the Collegiate Course at Berea College with the Degree of A. B. in June, 1903, getting his support by acting head waiter at said institution, is now attending Harvard University.

Mr. Humphery will repeat his A. B. Degree in June, 1905, specializing along the lines of teaching or pedagogy.

Perhaps the greatest recommendation of Mr. Humphery's ability and conduct at Berea is that Prof. Mason and Prof. Dodge, Deans of the College, are his bondmen for Harvard.

Such young men's efforts should be encouraged and appreciated by their race.

He will spend two years at the institution he is attending at present.

EASILY DECIDED.

This Question Should Be Answered Easily By Maysville People.

#### THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprise. Community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

The Board of Supervisors adjourned yesterday until the 25th, when they reconvene to hear complaints.

#### ADVANTAGES OF BOTTLED SMOKE

LESS COST! No smokehouse, no fuel, no danger of fire, no theft.

LESS WORK! Applied with a brush, can be done thoroughly in a minute per ham, no fire to tend, no tedious waiting for uncertain results.

BETTER FLAVOR! Genuine hickory flavor, smoky taste more delicate and uniform, no soot.

BETTER MEAT! Looks better, no over heating, no softening, no shrinkage, perfect protection from germs and insects.

One bottle of Chenoweth's Liquid Meat Smoke costing 50 cents will smoke 250 to 300 pounds of meat in an hour and does it far better. Is it worth while?

THE OLD RELIABLE

There is no substitute

Dr. C. C. Owens, late of Frankfort, yesterday assumed his new position in the Asylum at Lakeland.

The tobacco growers of Webster county have taken steps to abandon the crops of 1904 in order to checkmate the Trust.

Breckinridge Rule, aged 50, a deaf mute contractor, while walking on the L. and N. track near Cynthiana, was struck by a passenger train and instantly killed.

Ashael Woodward, a highly respected citizen of Robertson county, is dead, aged 80. He leaves two children, Esq. Ebin Woodward and Dr. Frank Woodward.

The Chesapeake and Ohio Railway has just been allowed \$70.48 by the United States Government for transportation of the army and its supplies.

Class No. 5 of the Christian Church gave a social last evening. The music was furnished by the Outten orchestra, the new games brought out and refreshments served all went to make the evening most enjoyable to the hundred present.

KENOVA SUICIDE

Body of Lyman Elliott Smith Brought Here For Burial

THE LEDGER yesterday published a telegram received by Chief of Police Donovan notifying him of the suicide at Kenova, W. Va., of Lyman Elliott Smith of this county.

Inquiry brought out the fact that a brother of the dead man, Mr. W. A. Smith, resided near Needmore.

When apprised of the death of his brother he immediately came to this city and left for Kenova last evening to bring the remains here for burial, expecting to arrive this morning over the C. and O.

Relatives are unable to account for the rash act of Mr. Smith.

He was a young man, aged about 27, and had been very highly educated.

He left Mason county a year or so since, going to Michigan, where he was employed at teaching at a salary of \$1,100 a year.

He later wrote that he was going to Pennsylvania to accept a better position, and it was not known by his relatives that he was in Virginia.

Miss Marie Bayless, daughter of Hon. F. D. Bayless of West Union and a former Maysville schoolgirl, was elected one of the official stenographers for the present session of the Ohio Legislature.

ACCOMPLISHED MUSICIAN

Prof. M. B. Mawhorter In a Class All By Himself

"Expert" hardly fills the bill when applied to the musical accomplishments of Professor Mawhorter, who has been delighting crowds at John I. Winter & Co.'s White Palace during each evening of the past week.

Some of the exhibitions of his skill are marvellous. For instance, he plays duets, using the organ for one hand and the piano for the other; and more wonderful still, he plays the organ and piano simultaneously, with a sheet completely covering the key-board and stops of each instrument.

Many of his pieces are descriptive and of his own composition, and he never fails to draw from the instruments their richest volume of sound.

Those of THE LEDGER readers who have not heard him should not miss the opportunity of attending the remaining free concerts of this evening and tomorrow evening.

The Licking river is gorged with ice for twenty miles from its mouth.

The towboat Cruiser is raising coal at Paducah, sunk by the Boaz and Harry Brown.

The gospel boat Megiddo has been sold for packet service between Paducah and Cairo.

The Ohio is falling almost its entire length and the cold weather will strengthen the ice gorges.

The Joseph Henry, formerly a Government boat, will be used in the St. Louis excursion trade this coming summer.

The Government Board of Engineers of which Major Leydecker is the Chairman has reported against the improvement of the Ohio river between Cairo and Mound City, Ill.

At Cincinnati, rivermen have resorted to barricading the boats in the harbor with logs which they believe will lessen the damage when the break in the big gorge above the city does come.

Captain Samuel M. Johnston, aged 70, died Wednesday at the home of his son, Captain Peter Johnston. He was one of the oldest and best known river pilots along the Ohio. His home was in Cannelton, Ind.

Alternate thawing and freezing with rain, followed by cold weather along the ice-bound Ohio, is causing gloom among rivermen, who admit a general break-up and resumption of business may not come before late in February.

BOARD OF TRADE

Addresses Itself to the Wide-Awake Merchants of Maysville

MAYSVILLE, KY., January 8, 1904.  
To the Merchants of Maysville—Dear Sirs: On Saturday, February 20th, 1904, we have our Fifth Annual Tobacco Fair. The four which we have held in the past have proven to be very successful. They have attracted to our city the best element of all the surrounding country and a large representation from some of the principal cities of this state and Ohio. It has not only been a day of social pleasure, but a day which has brought customers to our city who have thronged our stores and gone away laden with goods from our counters. You all say, by no means let the season pass without a Tobacco Fair.

The question arises at this point, how much of a success would the Tobacco Fair be if no one displayed any more energy or interest in its promotion than you are now doing? How many farmers have you spoken to with reference to it? How many posters have you sent out? And yet you expect it to be a success.

The Tobacco Fair is "Our Fair." This appeal is to you to go to work and do your part toward making the Fifth Annual Tobacco Fair the greatest event in the history of Maysville. Plan some novel feature by which to advertise your business. Arrange to give some souvenir of the occasion which may be carried away by the visitors as a pleasant reminder of the event. Send premium lists out in all your letters. Yours, for success, JOHN DULEY, President Board of Trade.

Dislocated Her Shoulder.  
Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by J. Jas. Wood & Son.

AFTER SICKNESS.

HOW TO REGAIN STRENGTH.

Our Druggist, Mr. J. C. Pecor, Gives Some Suggestions—We Vouch for His Sincerity.

During the past few months there has been a great deal of sickness of one kind and another in Maysville, largely induced by the recent unseasonable weather.

In speaking of this to Mr. Pecor, our leading druggist, the other day, he said: "Yes, there has been, and is, a lot of sickness in the city and while most people get over the acute stage rather quickly, it leaves the blood impoverished, and it is hard to regain lost vitality. The patient's strength is depleted, the system generally demoralized and relapses are continually feared."

"The one thing to aid recovery is to give the patient a blood building and strength restoring tonic, one that will give strength to every organ in the body."

"Now, truthfully," continued Mr. Pecor, "I don't believe there is another remedy in the country equal to our delicious cod liver oil preparation, Vinol, for making rich, red blood, and building up strength. I say this from an intimate knowledge of almost every medicine on the market, and after duly considering what Vinol is, and has done."

"Vinol contains every one of the body-building, medicinal elements of cod liver oil, without one drop of oil to retard its work, and this with organic iron, which is a useful constituent for the blood, dissolved in a delicious table wine, makes Vinol. It acts directly on the stomach, creates a healthy appetite, and enables the digestive organs to obtain the necessary elements to make rich, red blood, healthy flesh and muscle tissue, and create strength, and you know what you are taking."

Said Mr. Pecor: "Such letters as this prove the value of Vinol after sickness."

Mr. Edgar A. Howe of Concord, N. H., writes that after being confined to his bed for thirteen weeks with the grippe he was weak and emaciated, all tonics seemed of no avail, but Vinol restored, in a marvelous manner, his strength, flesh and appetite.

Mrs. C. H. Wardwell of Lynn, Mass., writes that the measles left her little daughter with a cough and in a very bad condition, but Vinol cured the cough and made her well.

Mr. John Emerson of Bangor, Me., writes that after grippe, at seventy years of age, Vinol built up his strength and gave him new life.

Mr. James Stuart of Pittsburgh, Pa., writes that after a severe fever he was weak and emaciated, but Vinol built him up, made him strong and well.

"I might go on quoting from hundreds of such letters," continued Mr. Pecor. "You see no one need take my word for what Vinol will do, and it is because of such proof that I solemnly agree that if it does no good where it is recommended that it shall not cost a penny. That's fair, isn't it?" J. C. Pecor, Druggist.

Mr. Walter Sherwood, aged 25 and second marriage, and Miss Bessie Beckett, aged 21, both of Mason county, were married at the home of the bride in Washington yesterday.

GERMAN SYRUP.

Cured After Suffering 10 Years.

B. F. Hare, Supt. Miami Cycle & Mfg. Co. Middletown, O., suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by J. Jas. Wood & Son, Druggists.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was fitful, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. Pinkham's medicines are certainly all they are claimed to be."—Mrs. M. E. HUGHSON, 347 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements. Apparently trifling incidents in woman's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that one can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound.

If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Lelah Stowell, 177 Wellington St., Kingston, Ont., writes: "DEAR MRS. PINKHAM:—You are indeed a godsend to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony. I suffered for years with bearing-down pains, womb trouble, nervousness, and excruciating headache, but a few bottles of Lydia E. Pinkham's Vegetable Compound made life look new and promising to me. I am light and happy, and I do not know what sickness is, and I now enjoy the best of health."

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints, — that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development, and checks any tendency to cancerous humors. It subdues excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and should be relied upon with confidence.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

## The Kidneys Are Weakened by Over-Work.

Healthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Nothing is more disagreeable or unsightly than chapped hands. To prevent the hands and face from chapping is the question. We have a preparation of our own manufacture that is superior in every way to any other make—

### Picard's Snow-White Cream!

This cream, if properly used, will keep the hands and face soft and white and prevent them from chapping. Ladies find Picard's Snow-White Cream very acceptable, from the fact that gloves can be worn immediately after applying the Cream. Picard's Snow-White Cream is excellent to use after shaving.

# Why Not Begin the New Year BY BUYING SHOES AT Dan Cohen's Great Western Shoe Store?

When you feel your feet so comfortably clad, and realize how heavy your purse still is, you will feel new "swap" and "go," heart lighter, head clearer and in your heart only pity for the "other fellow," who is still shambling around in his old shoes, with his head down and his courage at an ebb—proportionately low. Do your best to make it so, and let us help you, and the New Year Will Be Happy.

Yours for 1904,

**W. H. MEANS,** MANAGER DAN COHEN'S GREAT WESTERN SHOE STORE!
